INKSTER HIGH SCHOOL

Phelan B. B. B. B.

The Viking

*Presented
by the
Senior Class of 1959
Inkster High School
Inkster, Michigan*

Dedication

TO OUR COMMUNITY

To the citizens of Inkster, the community governing body, religious leaders, members of the various professions, merchants, and everyone who has made our school a possibility and has helped us to make our graduation a success: we, the members of the 1959 graduating class are sincerely grateful to you. Therefore, we take great pride in dedicating our annual to you who make up our community.

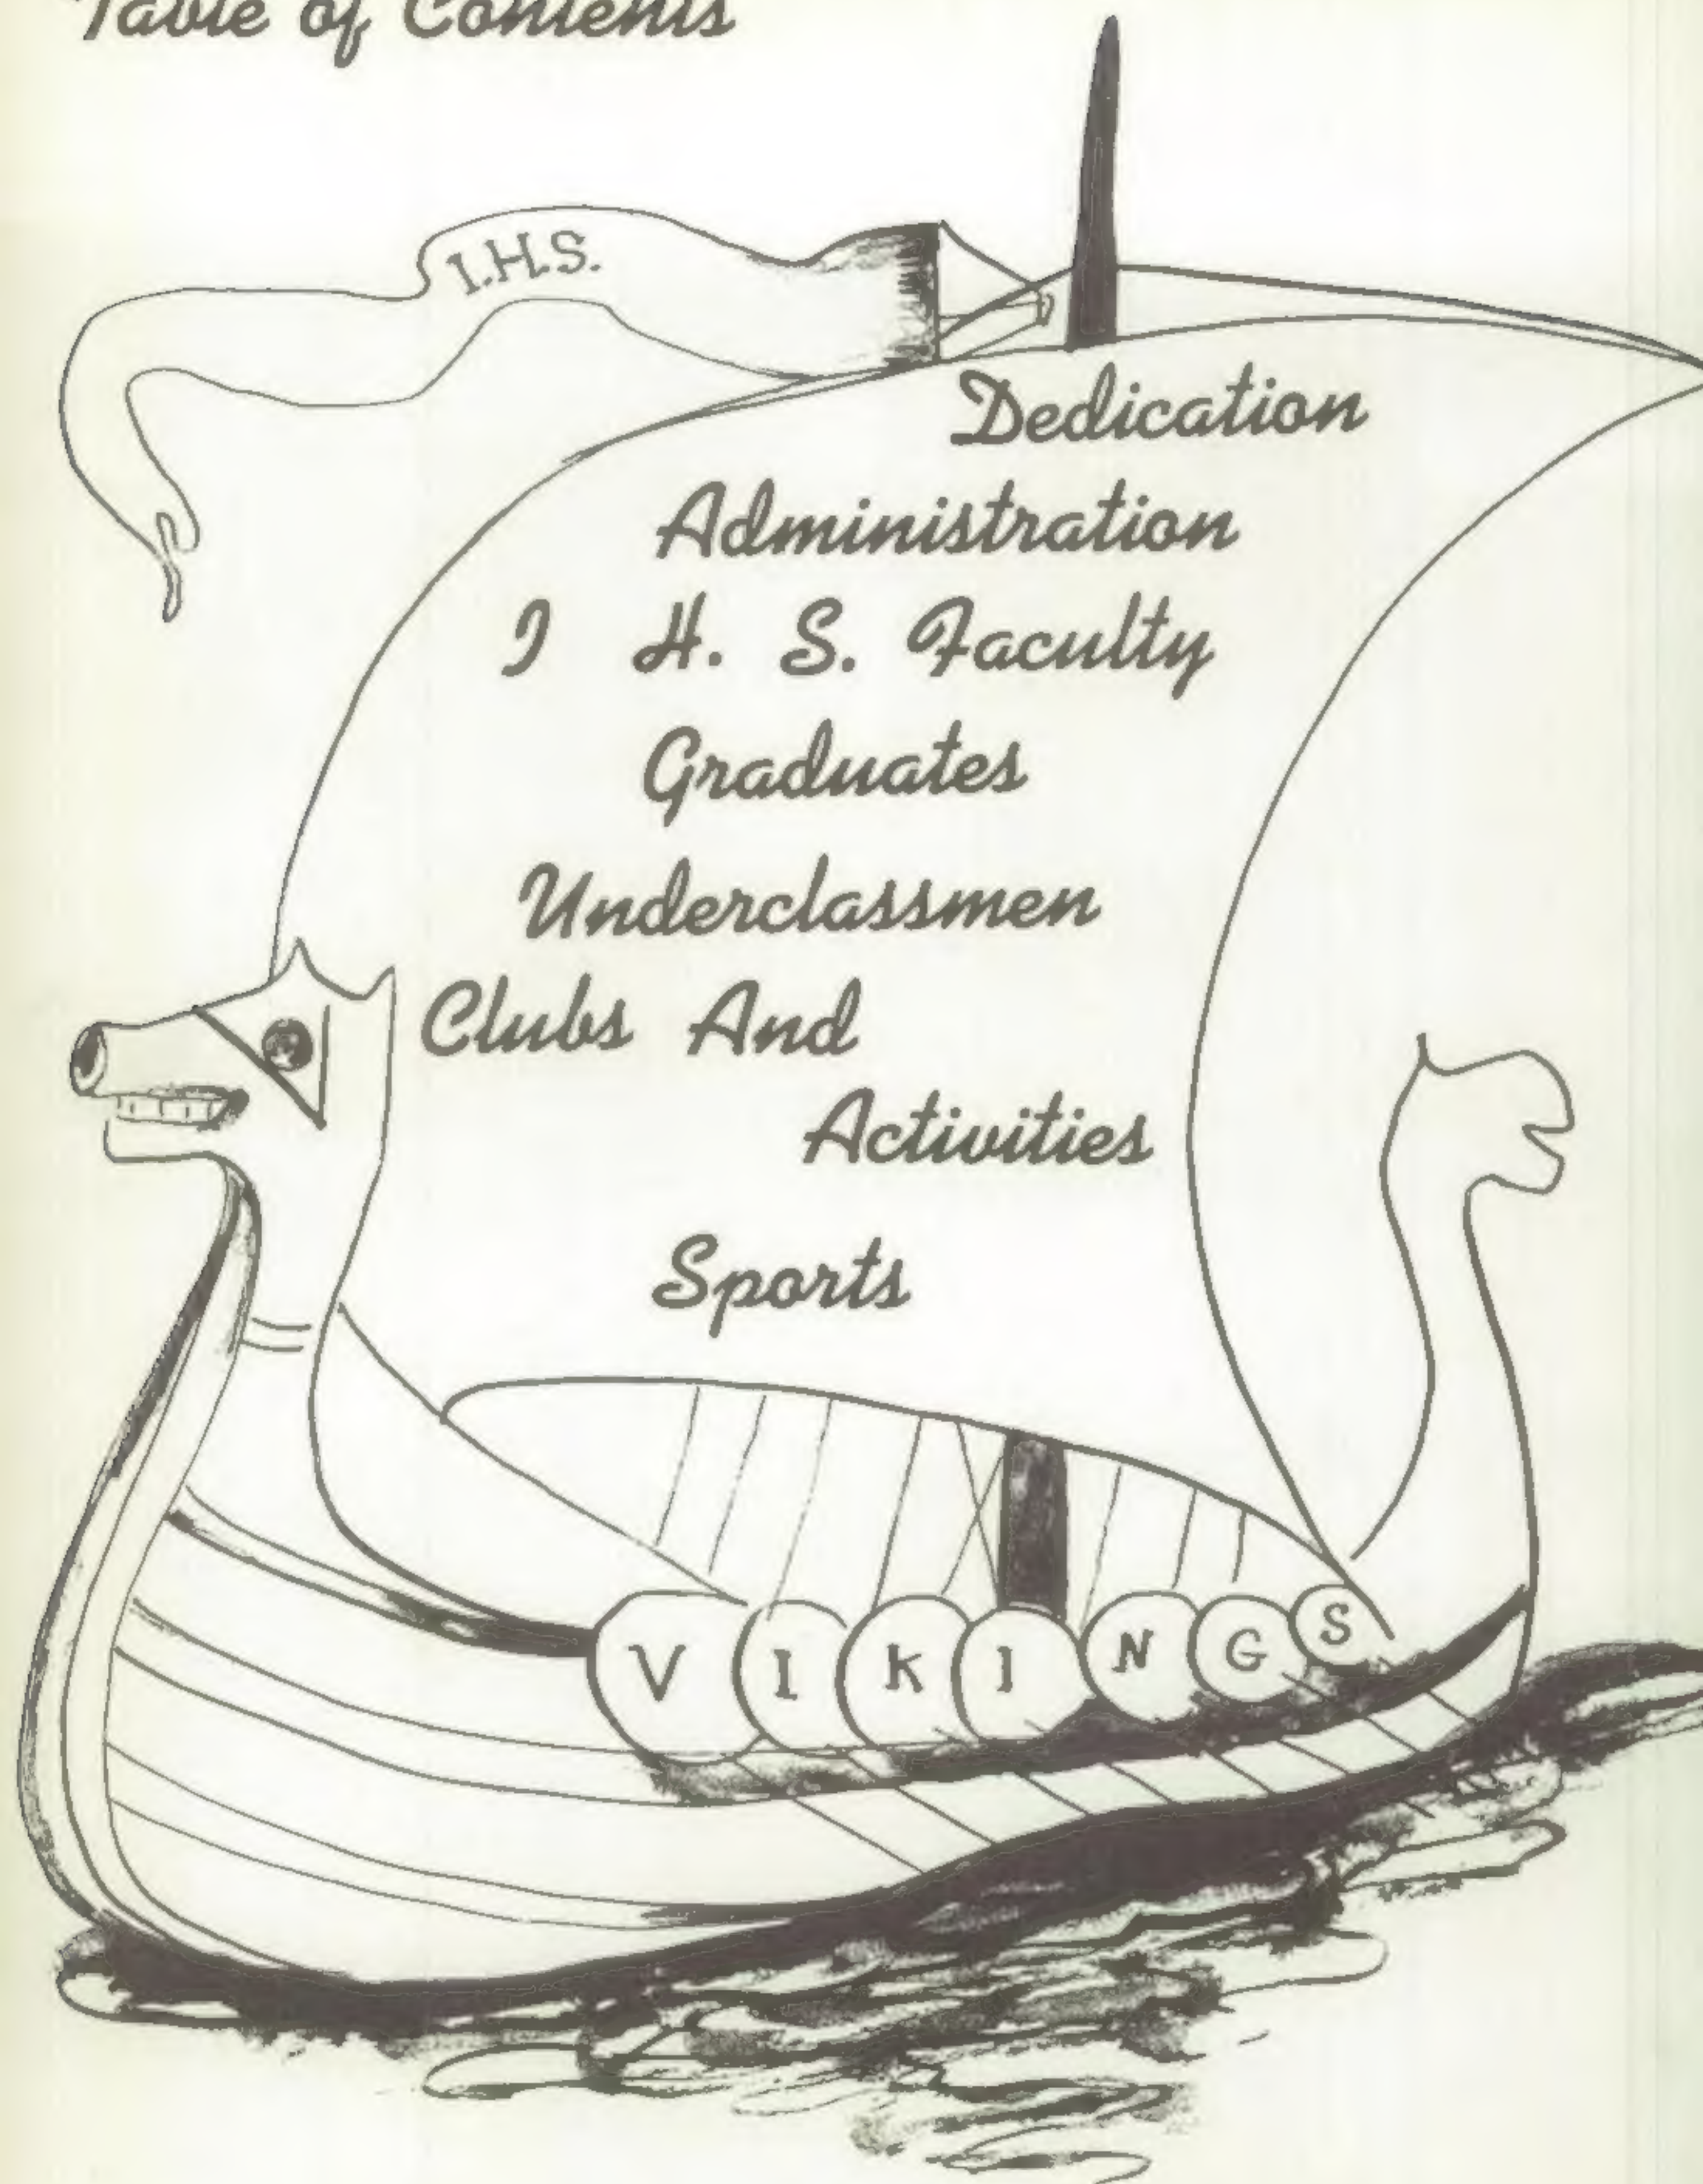

Theme

Throughout this book, you will see the Viking Ship. It portrays a vivid record of the joys, hardships and accomplishments experienced by our class from its inception to the present.

Four years ago, as Freshmen, we set sail on the tempestuous sea of our high school curriculum. Our Sophomore year found us truly at sea—out on the high seas of investigation and experimentation. As Juniors, we began to sight land through a more adequate comprehension of our course materials. Now, we have landed as Seniors and we anxiously await the award which is granted to all Inlster High School Vikings, who have completed the Journey successfully. This token of achievement, the diploma, symbolizes four years of high school study and bears the assumption of a specific level of pre-collegiate intellectual development.

Superintendent

The Senior Class of 1959 wishes to express gratitude to Dr. Lawrence F. Read for:

1. His anxiety and zeal in attempting to maintain a composite and growing school District.
2. His interest and attendance at school activities.
3. His cooperation with the administrative staffs and faculties of the various schools in the District, for the promotion of the professional development of the teachers, and the vocational growth of the students in academic and trade training.

Principal

Our principal, Mr. Henry E. Fortson, in cooperation with his faculty, has maintained that type of efficient high school organization required for membership in the North Central Association of Colleges and Secondary Schools.

Sports at I. H. S.

We, the faculty and student body of Inkster High, feel that we have one of the best coaching staffs in the state viz: Mr. Khamalaw White—Athletic Director, Track and Freshman Basketball Coach, Mr. Charles Adams—Cross Country and Baseball Coach, Mr. Richard Brewis—Assistant Baseball Coach, Mr. Robert Harris—Football and Basketball Coach, Mr. Jerry B. Williams—Assistant Football and Reserve Basketball Coach.

We wish to thank the former athletes who helped in making the names of "The Inkster Vikings" well respected throughout the State of Michigan.

The aims of the Athletic Department are to: help young people of the high school develop good sound healthy bodies through game participation, help develop those qualities of good-sportsmanship which are of value in life, assist the individual in storing up that physical reserve which is so important to him in the event that he is attacked by fatal germs or diseases.

Homecoming Queen

Each year it is customary at Inkster High School to elect, from the Senior Class, a Queen who presides at the homecoming activities.

This year the team decided that this honor should go to Miss Geraldine Johnson.

Although we didn't have a winning season in football this year, we feel justified in saying that we are as proud of this team as we would have been of a championship team; for, we feel that these fellows were CHAMPIONS in the attitude and spirit that was shown by them. The fellows are to be commended for the fine manner in which they conducted themselves and the desire and "dogged" determination shown by them throughout the season.

They Ventured on the Voyage of Life

Ship ahoy mates! We're crossing the great threshold of life in our I. H. S. Viking and in our mighty telescope, as we look back across the waves, we see "our graduates" splashing around.

Yes, it was just years ago that they drifted from our port to other seafaring destinations. As we stand looking through our telescope out across the wide spaces, we see "our graduates" living up to their expectations. Here, take a look for yourself.

Mr. Frank Harrington—graduate of the University of Michigan, now teaching at Fellsrath Junior High.

Mr. Leon Wagner—attended Tuskegee Institute, now with the San Francisco Giants.

Miss Annie Coleman—graduate of the University of Michigan, teaching in Detroit.

Mr. Robert McFadden, a senior at Michigan State University.

"There's a girl I'd like to know"

"She has so much poise and confidence—I'll bet she works for the telephone company. Those girls are so attractive and have such friendly, pleasant manners."

They're talking about Lucy, who started working for Michigan Bell right out of high school. She was trained by friendly, understanding supervisors and today she's proud of her work; enjoys a fine salary, regular wage increases, and many new friends.

Lucy was delighted from the very first by the clean, pleasant surroundings, by the regularly scheduled mid morning and midafternoon "breaks" for relaxing in comfortable lounge rooms, and by the opportunities for advancement.

Isn't that kind of job worth going after? Then why not get in touch with us—perhaps there's a telephone job for you. We'll be happy to talk with you about the interesting work at Michigan Bell.

**NOW
ENTERING
THE ERA OF
ALL-ELECTRIC
LIVING**

Today's graduates are entering an exciting new era where they will live better electrically in every way . . . at home, at work, or at play.

For example, if you choose marriage you can enjoy an all electric home. Included will be electric heat, built-in electric range and refrigerator and a host of time-saving, economical electric appliances. They will be the ultimate in modern living comfort and convenience.

Or, if you go into business, efficient electrically operated machines will assist you in getting the job done swiftly and easily—again an illustration of the versatility and dependability of electricity.

Or, if you go on to college, perhaps you will become one of the scientists or technicians who help further mold the all-electric world of the future.

No matter which path you may choose, electricity will be there to lighten your load, brighten your way . . . help you live better . . . electrically.
